

CARMARTHEN LIVESTOCK MART WEEKLY REPORT – 04.04.22

21 SUCKLER COWS

Auctioneer – Huw Evans – 07976 328177

The first monthly sale of suckler cows and weaned calves at Carmarthen was a successful one. Good stock numbers and good buyer attendance made for an excellent day and a very competitive trade.

Suckler cow entry had some nice sets forward with top price of the day for a second calf Angus cow with a Simmental x bull calf from Fennemore, Ty Newydd. A very nice cow, not the biggest, but doing a cracking rearing job with a nice shaped calf sold for £1500. Also sold well was a Holstein heifer with a 4 month Angus bull calf at foot from Evans, Brynhogfan at £1480. Sucklers averaged £1007. An entry of in-calf heifers from Thomas, Wern Bancyfelin sold very well. With one Blue heifer and four Angus heifers all in-calf to a British Blue, they sold to a top of £1280 and averaged £1240.

Leading Prices:
