

CARMARTHEN LIVESTOCK MART WEEKLY REPORT – 07/02/24

73 DAIRY

Auctioneer – Llŷr Jones 07812934964

A very selective trade on the milkers as we see the gap between the best and second quality get closer. Hard to budge the best over that £2000 barrier. However, with all things considered a very steady trade throughout with heifers reading £1704.09 average and cows £1496.36 average. R & M Lougher sold their genomically tested heifer to a top of £2050, with a wonderful run of heifers from R Hammett got to highs of £1920. Plenty £1700-£1800 heifers with a volume buyers present helping trade along. Best cows sold to £1800 for a fancy cow from Brynmaen. A real milky 2nd calver who sold with 3 GENS of Excellent behind her.

Youngstock proved to be a very good trade- we started the day off with the babies, with the best calves selling to £285 from Trewern Farm LTD. A bunch of Dry's from Ferraro Sychpant looked well sold with the best reaching £1420. In-calf heifers sold to highs of £1280 for well bred Friesian types from W Thomas & Co.
