### 510 NEW SEASON LAMBS (338.62.avg /kg)

We asked for 500+ lambs, and a big thanks to all vendors for supplying them. Trade very similar on the week with a shortage of lambs recorded nationally. Best types generally 350-355ppk with heavy lambs making it to high of £170 this week from G J George. Lean lambs would be penalised with the meat essential to make the full premium. J Francis topped the section at £149 for 42kg at 355ppk with 40kg from A M & C M Jones also getting to 355ppk or £142.
